

# THE PURSUIT OF PERFECTION

100MM FILTER HOLDER

**NiSi**<sup>®</sup>  
BEYOND IMAGINATION

## 100MM FILTER HOLDER

Supports three square filters  
plus a circular polarizer

Compatible with filters 100x100mm  
and 100x150mm, 2mm thick

No vignetting at 16mm  
on full frame cameras

Includes CPL, adapter  
rings and case

## OUR UNIQUE FILTER SLOT DESIGN

Our unique clip system holds filters securely using a pinch design. Inserting and removing filters is effortless with no slipping during use.

## INTEGRATED CPL

The integrated CPL can be rotated using the gears on either side of the holder, even when multiple square filters are inserted.

## LOCKING SCREW

The V6 holder not only allows 360-degree rotation, but also has a locking screw. This provides more security while maintaining functionality.

## SOFT POUCH

The soft pouch holds the V6 holder, 82mm adapter ring, extra adapter rings and the CPL. It can be mounted on a tripod leg or belt for easy access.

## V6 LENS CAP

The protective lens cap attaches to the 82mm adapter ring and protects the front of the lens and CPL. This allows for easy storage and quick setup.

## The V6 Kit includes

- V6 Holder
- CPL
- Main 82mm adapter ring
- 77mm Adapter
- 72mm Adapter
- 67mm Adapter
- Lens Cap (Landscape CPL version only)
- Pouch
